Attending TrustCon is amazing because of the community support. It's important to remember you're not alone, that others believe in you, and that you've got this, especially since working in Trust & Safety can be difficult.

At TrustCon '24, we set up a box and notecards with the question:

**What does the T&S community  
need to hear **right now?****

Here's what our community wrote.  
I hope these words help you when you need them most.

your voice matters  
and  
you are here for  
a reason

You don't have to  
change the world  
for everyone today,  
but you can change  
someone's world today.

YOU ARE MAKING  
THIS WORLD A  
BETTER PLACE!

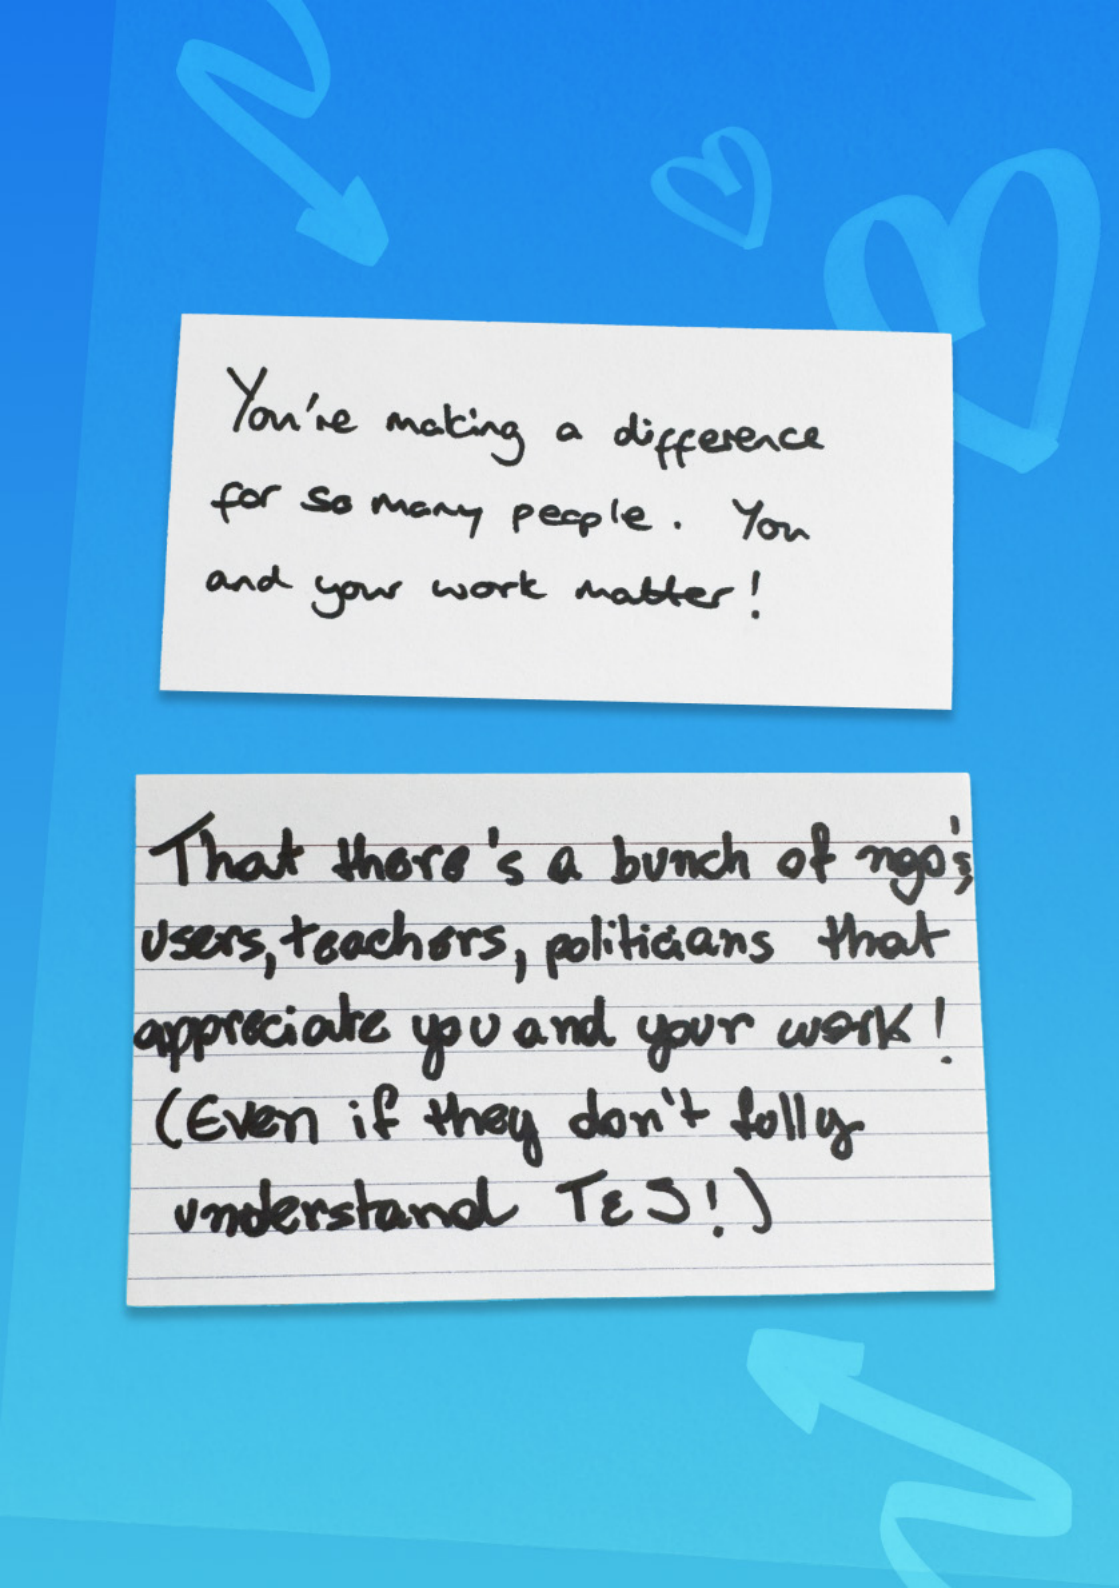

BUT ALSO,  
YOU CAN  
STOP WORKING  
SOMETIMES!!

Systems of  
oppression

You're making a difference  
for so many people. You  
and your work matter!

That there's a bunch of ngs,  
users, teachers, politicians that  
appreciate you and your work!  
(Even if they don't fully  
understand TES!)

YOUR opinion is valued

... it'll make you stronger!

Life is to be lived. Your work creates a life that is more livable.

We're all stories in the end. Let's make it a good one!

WHEN I FELT LIKE THE

WAS ON MY SHOULDERS  
( & THAT I WAS FAILING  
THEM ), T&S FOLIES  
GROUNDED ME. THANK YOU.

You're  
valued.

T&S is unimaginably  
hard at times and too few  
people know about the tradeoffs.  
I'm glad to provide some nuance
